About Us

Big Brothers Big Sisters is a nationally recognized, 501c3, mentoring program with 118 years of experience and success in youth mentoring. Our Service Delivery Model is evidence-based, and uses best practices to guide program delivery, positive outcomes, and safety.

Big Brothers Big Sisters makes meaningful, monitored matches between volunteers ("Bigs") and children ("Littles"), ages 6 through high school graduation.

Mentors are high school students or adults who mentor youth at certain schools, virtually for career and college readiness programming, and out in the community.

We make the best match based on hobbies, personality, preferences, shared goals and more.

Unique to Big Brothers Big Sisters, a qualified Match Support Professional guides Bigs, Littles, and their families throughout the mentoring relationships so they will endure. Our ongoing match support process is extensive and includes:

- Required match supervision, including ongoing communication with match participants for the life of a match
- Professional monitoring of adherence to safety-related policies and procedures focused on keeping proper boundaries and healthy relationship development.
- Technology that tracks and monitors match activities and Littles' progress in areas such as academics, avoidance of risky behaviors, socio-emotional development, and aspiration.

Vision: We envision a future where all youth achieve their full potential.

Mission: To create and support one-to-one mentoring relationships that ignite the power and promise of youth.

Accountability:
By partnering with parents/guardians, volunteers, and others in the community we are accountable for each child in our program achieving:

- Higher aspirations, greater confidence, and better relationships
- Avoidance of risky behaviors
- Educational success

COMMUNITY BASED MENTORING

Some Bigs meet their Littles on the weekends. Others get together with their Littles on weekday evenings. Each match is unique and develops a schedule that works for them. Children are between the ages of 6 to high school age and the mentors are caring adults in the community.

SCHOOL-BASED MENTORING

It may sound obvious, but sometimes the best place to help a child realize their potential is at school. Kids enjoy having their Bigs meet with them there, whether it's in the classroom or on the playground. Children are in grades K-5th and the mentors are caring high school students and adults in the community.

Some of the biggest supporters of our School-Based Mentoring program are actually teachers. They see students come back from their time with their Big filled with confidence, smiling big, ready to learn and eager to succeed.

COLLEGE AND CAREER BASED

High school students explore career opportunities, develop professional skills, and practice life skills. Youth are in grades 9-12th and the mentors are caring adults in the community.

Youth and mentors connect virtually to discuss various topics such as resumes, interviewing skills, time management, and more.
